Python-21 March 2022

Batch-DS250322

Sagar Sarkar

A large orange circle is positioned on the left side of the slide, partially overlapping the text.

Day 21-29 April

File Handling

Regular Expression

- Regex Introduction
 - seek and tell
 - Regular Expression Metacharacters
- 
- A series of four yellow dashed line segments are arranged in a curved, upward-sloping pattern in the bottom right corner of the slide.

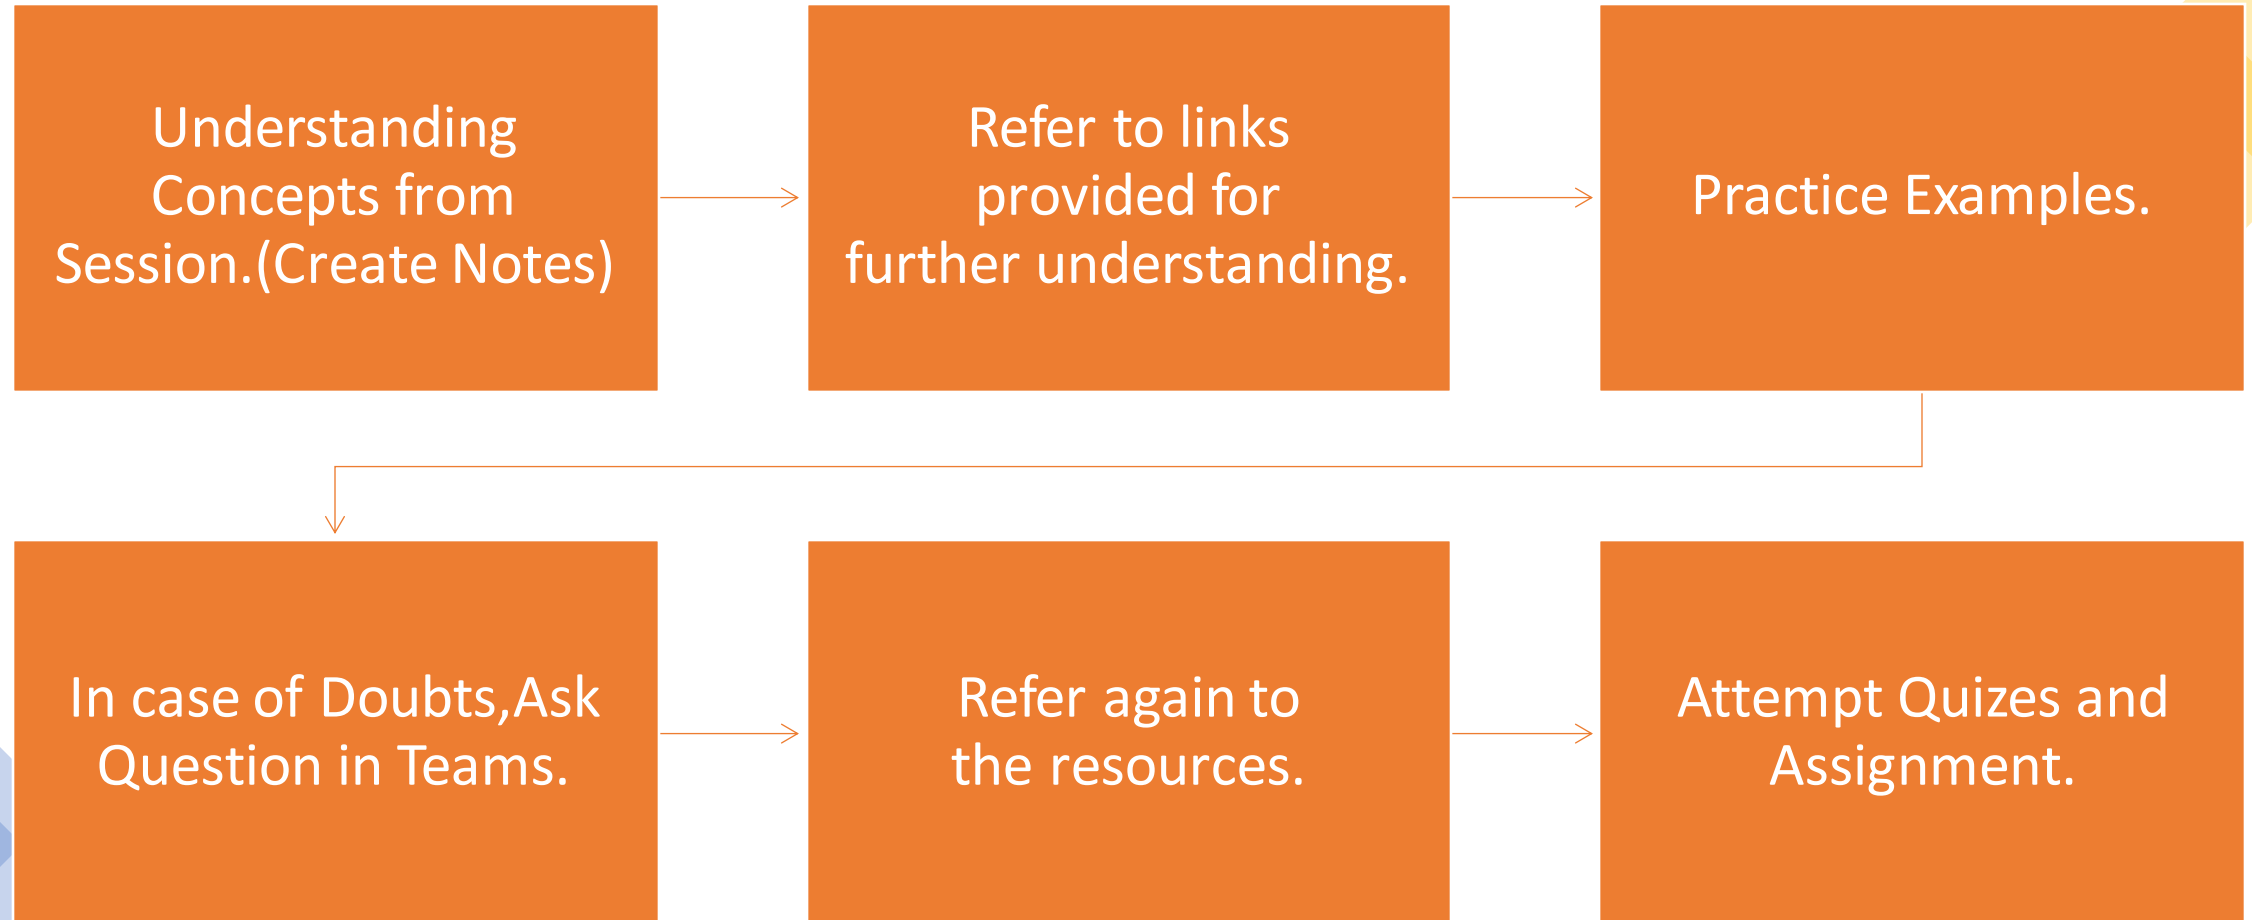

Regex

- **Regular Expression (Regex)** is a sequence of characters that defines a search pattern. For example,

`^a...s$`

- The above code defines a Regex pattern. The pattern is: **any five letter string starting with a and ending with s.**

Approach to learning Python
